RUSTICO PROVENZALE

Interior decorative breathable coating with plaster wall effect

CODE 23-2..

DESCRIPTION AND USE

Interior breathable acrylic-based decorative coating with plaster wall effect. It can be used over all kinds of walls: new walls, old walls in good conditions, old walls previously painted and plasterboard. It can be also used as primer for the Decorative products Antica Provenza and Atmosfere to obtain a nice "antique effect" or "orange peel" finishes.

- Keep from freezing
- Use electric mixer for tinting
- Clean the tools with water after use
- Store in a dry place away from sunlight

PAINT SYSTEM

- **New walls**

Apply one brush coat of Fissativo Acrilico (thinned 1:7 with water) over the whole surface. After at least 4 hours apply two coats of Rustico Provenzale according to the type of application chosen; after 20/30 minutes since the application of the last coat (desiccation depends on the thickness and temperature of the surrounding environment) finish with stainless steel trowel or putty knife, sponge trowel or natural bristle brush according to the finish desired.

- **Walls already painted:**

- With water based paints: apply two coats of Rustico Provenzale according to the kind of application desired.

After 20/30 minutes since the application of the last coat (desiccation depends on the thickness and the temperature of the environment) finish with stainless steel trowel or putty knife, sponge trowel or natural bristle brush according to the finish desired.

- With distemper, lime paints or chalky paints: apply one brush coat of Fissativo Acrilico (thinned 1:6 with water) over the whole surface. After at least 4 hours apply two coats of Rustico Provenzale according to the kind of application chosen; After 20/30 minutes since the application of the last coat (desiccation depends on the thickness and the temperature of the environment) finish with stainless steel trowel or putty knife, sponge trowel or natural bristle brush according to the finish desired.
